Thank you for your interest in supporting Florida Action Committee (FAC). We are a non-profit 501c4 organization; donations are not tax-deductible. Our mission is to educate the public, media, and legislators on the facts vs. myths about sex offenders and impact of current laws. There is strength and power in numbers, and we believe that "With Unity Comes Change" - specifically, positive changes to Florida laws and ordinances that do more harm than good.

Dues and donations received are used to cover costs such as postage for mail-outs, monthly operating fees for the website and some travel expenses (if available) for those who spend several days in Tallahassee, at media offices, and at national conferences almost entirely at their own expense. If the dues are not possible for you, give what you can, and that includes your time. We want you to be part of FAC and we recognize that the time you give to this cause is priceless. The more time that you can give, the more we can accomplish. – **thank you in advance.**
